

STEMming the Tide: How Women and Girls are Changing the World

The Kingston Branch is host this year for the annual District IV conference. Members from Poughkeepsie, the Adirondacks, Schenectady, Amsterdam-Gloversville-Johnstown branches will gather to learn about ways to support the AAUW mission.

Other branches and other organizations that support AAUW's mission and the general public are invited.

The theme, STEMming the Tide: How Women and Girls are Changing the World, will explore the role women are playing in various environmental endeavors in our region. Speakers will include **Janice Brown, AAUW-NYS president; Laura Petit, Ulster County Legislator; Beth Roessler, NYS DED; Aliza Krevolin from FeedHV and and Emily Vail, Hudson River Watershed Alliance**. There will be ample time to mingle with them and meet other members of the community who are having a positive impact on the Ulster County environment.
